

Japan Official Development Assistance (ODA) Press Tour

On March 2nd and 3rd, the Embassy of Japan in Tehran organized an ODA Press Tour in collaboration with Japan International Cooperation Agency (JICA), in which 10 journalists from domestic newspapers and TV channels participated. In this press tour, participants visited sites of Rice-based Agriculture Development in Afghanistan, carried out in Amol City, as well as Anzali Wetland Ecological Management Project Phase 2 in Bandar Anzali City and Haraz Agricultural Human Resources Development Center in Amol City.

The local staffs briefed the participants on the training courses of Rice-based Agriculture Development in Afghanistan. The participants were also briefed on the outlines of the Project in Anzali, where they visited the site by small boats.
